There is an occasional exception. A table of the GPAs for the last two years is provided below.

Time investment: The NCAA mandates that athletes practice and compete for no more than 20 hours per week. This does not include travel time to away contests, a contest which takes longer than 3 hours (allotted time for contest), or injury treatment time. Therefore the "total time" invested by a student-athlete can exceed 30 hours per week especially with travel to far away competitions.

Scholarships: Many student-athletes are not on scholarship. An average scholarship at West Chester University is between \$2,000 and \$3,000 per year. A total of \$856,848 of scholarship monies were awarded in 2011-2012 which computes to \$1,433 per student-athlete.

No special favors: Athletes should not ask for, nor are they expected to receive, special favors or dispensation such as a change of grade to be eligible to participate in WCU athletics.

Mentoring program: The athletic department supports a mentoring/tutoring program for student-athletes who are in academic danger. This is a one-on-one interaction between a student-athlete and their mentor.

Important Information:

1. The **Excused Absence Policy for University Sanctioned Events**

Undergraduate students participating in University-sanctioned events such as athletic events, will be granted an excused absence(s) by the respective faculty members for class periods missed. Students will be granted the privilege of taking, at an alternative time to be determined by the professor, scheduled examinations or quizzes that will be missed. Students must submit original documentation on University letterhead signed by, coach (or athletic director), detailing the specifics of the event in advance. Use this link for the full policy:

<http://www.wcupa.edu/INFORMATION/OFFICIAL.DOCUMENTS/Undergrad.Catalog/acpolpro.htm#excused>

2. **Priority Registration Policy**

- Better called "**conflict avoidance scheduling**"
- Enables student-athletes and other students with scheduling needs to register prior to the general student population thereby avoiding conflicts between classes and athletic activities.

3. Mentors for Student-athletes. For student-athletes who have academic difficulties there are mentors sponsored by the Athletics department that aid the student-athlete with academic issues but they do not provide advisement. The student-athletes sign off on the Buckley amendment so it is appropriate to discuss student's grades with these mentors. Please see the athletic department website for further information.
