

## Building Industry Partnerships: Biomedical Research

**THURSDAY, February 6th**  
**11:30am-2:30pm**  
**Sykes Ballrooms B and C**

### Presenters:

**1. Alex Lyness**, West Pharmaceutical Services  
Manager, Research & Technology

**2. Zhongping Huang**, Biomedical Engineering, *Artificial  
Kidney and Hemodialysis.*

**3. Jesse Placone**, Biomedical Engineering, *From Tumor to  
Niche and Back: A Materials-based Approach to Disease-in-a-Dish.*

**4. Kurt Kolasinski**, Chemistry, *Porous Silicon: A Versatile  
Material for Application from Wound Care to Drug Delivery to  
Water Purification.*

**5. Ken Clark**, Kinesiology, *Developing a Research Agenda in  
Applied Exercise Science.*

**Office of Research & Sponsored Programs and  
College of the Sciences & Mathematics**
