## Student Research Experience Roadmap

Check out the Student Experiential opportunities through  
The Office of Research and Sponsored Programs

### Summer Undergraduate Research Institute

Undergraduate students work under the supervision of a faculty member to develop and engage in a research project for five weeks during the Summer I session and receive a \$2,500 stipend.

**SURI**

**SRCA**

### Student Research and Creative Activity Awards

Win an award for your research! Undergraduate and graduate students who have completed original research or a creative activity can apply for a monetary award up to \$500

### Student Undergraduate Research Foundation

Undergraduate students work with a faculty mentor during the Spring semester for 5 hours/week to gain a foundational understanding of what research/creative activity is all about. You will also receive a \$500 stipend.

**SURF**

**RCAD**

### Research and Creative Activity Day

Every Spring, Undergraduate and graduate students have an opportunity to present their research and creative projects with the chance to win a monetary award

**RAM RESEARCH  
DIRECTORY**
