Ability

"I enjoyed the casual environment where I could meet other students. I'm excited to know that I have great friends i can hang out with and try new things."

~Program Participant

"I loved how I connected with the girls and how we got to know each other really fast. I loved the trip so much that it is hard just picking one favorite thing. The whole trip was amazing and I loved the rock wall and the ropes course."

~Program Participant

"Abby and Steve made me feel really comfortable and I liked that they didn't just do everything for us, but helped me learn new things like how to build a fire."
