Mission

Implement Banner Student Information System to replace myWCU to create more flexibility, a modernization of business systems, increase efficiencies, and prioritize student success.

Implement to maximize institutional flexibility to prioritize student success for the future.

Innovate WCU business processes to transform the user experience.

Integrate people, processes, information, and systems to create alignment, cohesion, and efficiency.

Inspire collaboration and student-centered services across campus.

Decision to Implement Banner

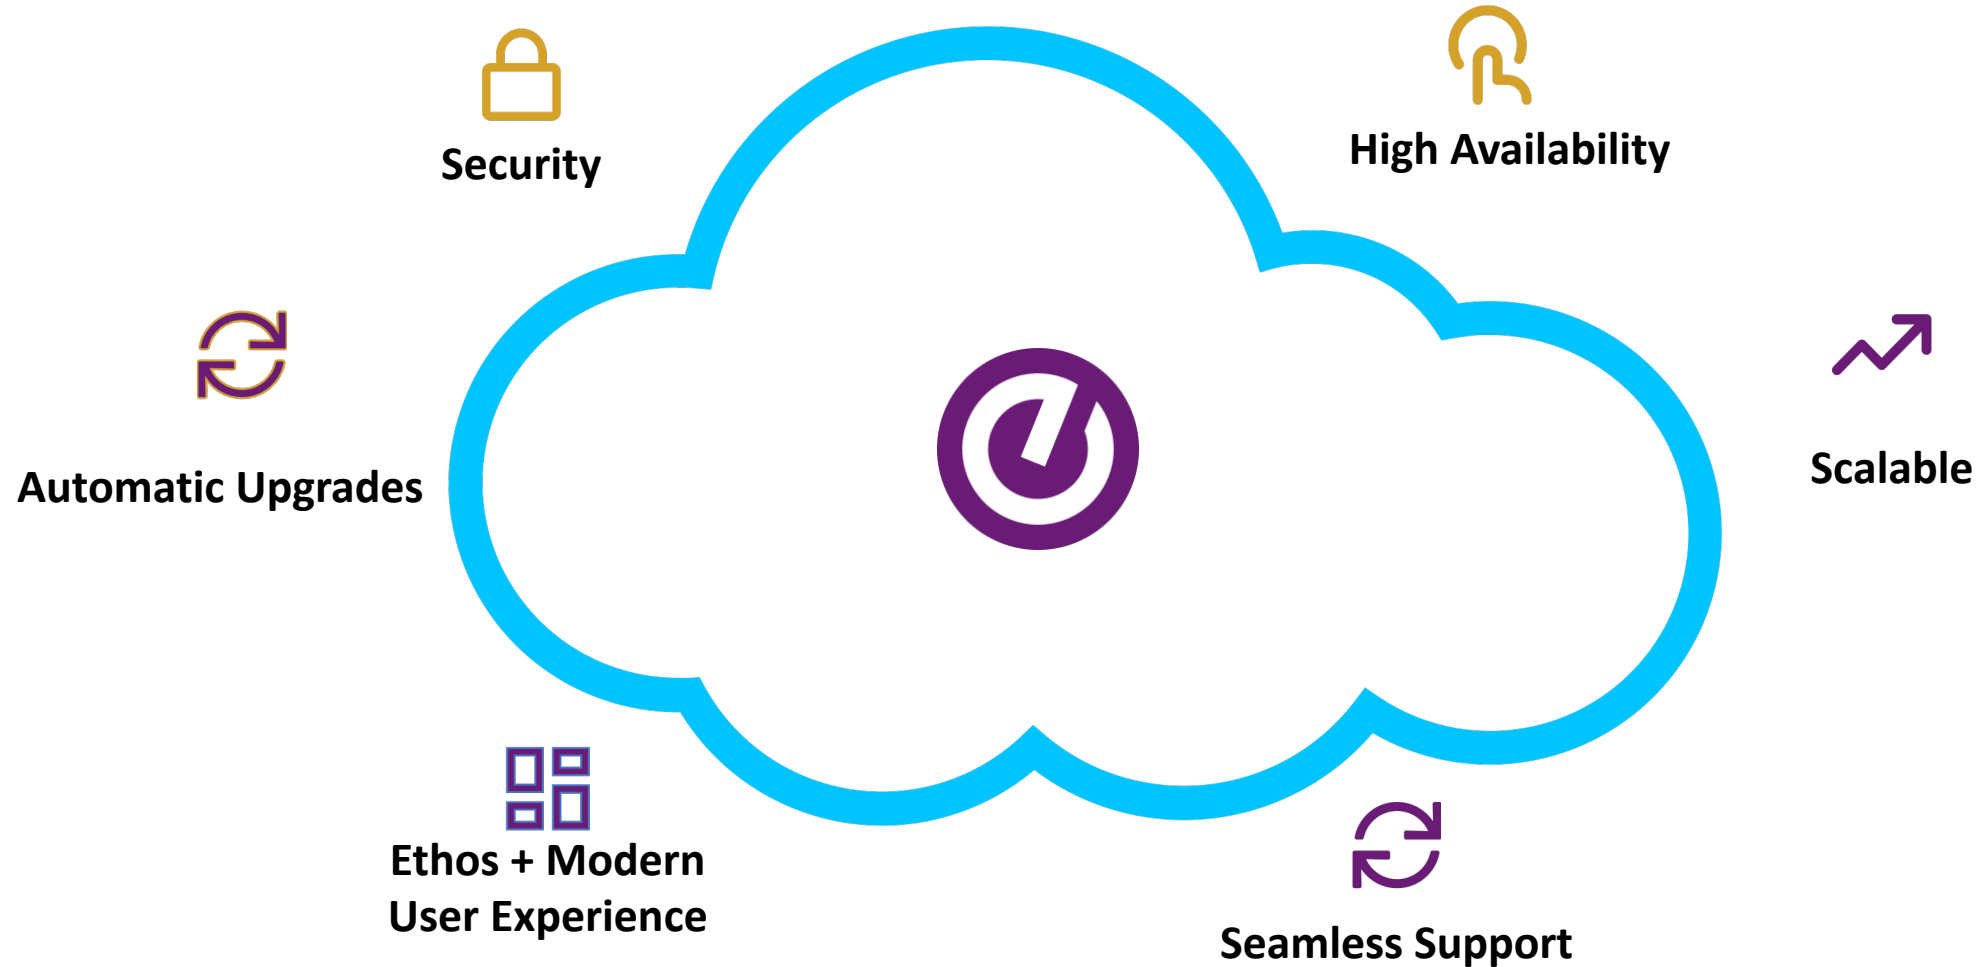

- Process began 3 years ago to promote cross-registration between PASSHE schools as well as harness system talent & resources
- All 10 PASSHE schools drafted RFP for new SIS
 - Requirements were a commitment to put student success at center of technology & one that would grow with changing needs
 - Reviewed vendor proposals, completed demos, & collectively embraced Ellucian's Banner system.
- Chose Ellucian because its benefits allow us to serve students, faculty & staff as we plan for the future
- Two Instances of Banner

1 WCU INSTANCE

2 SHARED TECHNOLOGY PLATFORM (STP) *ALL OTHER PASSHE SCHOOLS*

Technical Transformation

By moving from an on-premise solution to a cloud solution, we are leveraging these software advancements Ellucian has to offer.

Training Plan Workflow

Goals and Guiding Principles:

- Champion the new student information system with all students, faculty & staff
- Establish consistent format for training documents with standard templates
- Central storage of documents to support redundancy
- Training in multiple modalities to accommodate various learning styles

Training Timeline Example

Previous Q&A

- What data will be converted and how far back?
- Will historical data be preserved? Will it be accessible?
- When will myWCU be 'shut down'?

Previous Q&A

- Will there be a period of time where engagement with both platforms will be required?
- What will the process be for troubleshooting?
- What type of documentation will there be?
