ENG Q20 counts for GPA but not towards 120 total credits. / **WRT 120** = if failed 3 times = dismissed from univ.

NOTE: Credits earned in MAT Q00/Q01 = into GPA not for 120 total credits.

Formal Admission to Teacher Education [FATE] & Second Language Certification [K-12] Testing Requirements in Pennsylvania:

● **Beginning April 2, 2012,** candidates, whose PA certification programs require basic skills tests (formerly PPSTs), now register to take the **PAPA** – Pre-Service Academic Performance Assessment offered by Pearson under the Pennsylvania Educator Certification Tests (PECT), *if they have not already taken or registered for any of the PPST tests.* For more information about registering for these tests, go to: http://www.wcupa.edu/_academics/coed/PAtests.asp and select the purple button for PPST/PAPA, where you will find information about the tests and how to register for them. Undergraduate foreign language students seeking initial certification must take the PAPA series of basic skills tests.

 Basic skills   001   PAPA Module 1: Reading PAPA001 (when all 3 modules passed)
                   002   PAPA Module 2: Mathematics
                   003   PAPA Module 3: Writing

● **Formal Admission into Teacher Education (FATE):** In addition to passing scores on PAPA (formerly PPST) Exams, certification candidates seeking FATE must have: **a)** a cumulative GPA of 2.8 or higher, **b)** 48 completed college-level credits on their transcripts, **c)** 3 earned credits in English literature, and **d)** 6 earned credits in college-level mathematics.

● **Praxis II exams.** There are two (2) Praxis II exams:
        (1) Fundamental Subjects: Content Knowledge (#0511), and
        (2) World Languages (German 5183, French 5174, Spanish 5195)

(1) Praxis II Fundamental Subjects: Content Knowledge (#0511)
The Fundamental Subjects (#0511) Praxis II is a PDE requirement for **ALL** K-12 certification students in the state, and therefore must be taken and passed in order to be recommended for certification. The "Fundamental Subjects: Content Knowledge" Praxis II is to be taken by world languages certification students prior to enrollment in EDS 411/412.

(2) Praxis II World Languages (German 5183, French 5174, Spanish 5195)
    - **Students admitted prior to Spring 2013** will follow their admission program requirements, namely:
        a) achievement of ACTFL Intermediate High (IH) **or**
        b) Praxis II World Language score of 163 for German, 162 for French, 168 for Spanish

Praxis II World Language	
Test Codes	**Score**
French 5174	162
German 5183	163
Spanish 5195	168

    - **Students admitted in Spring 2013 and after** will NOT take the Praxis II World Languages (German 5183, French 5174, Spanish 5195), but **ALL** will need to take the ACTFL/LTI [American Council on the Teaching of Foreign Languages/Language Testing International] Oral Proficiency Interview (**OPI**) and the Writing Proficiency Test (**WPT**) and have a minimum rate of Advanced Low (**AL**).

● Before enrolling in EDS 411/412, certification candidates work with designated faculty members to request and take second language proficiency tests offered through ACTFL/LTI. The OPI is administered by a certified rater via telephone; the WPT is administered online and/or as a paper exam. For students who are new admits to the program in Spring 2013 and after, **a rating of Advanced Low on both the OPI and WPT is required in order to enroll in EDS 411/412, and to be recommended for certification to the PDE**. World languages majors who fail to meet the Advanced Low criterion will **not** student teach **or** be recommended for certification, but will be permitted to complete the **BA** *without* **certification** in their language of specialization.

Achievement of advanced proficiency requires a significant immersion experience prior to student teaching. The immersion experience can include, but is not limited to study abroad and intensive summer language programs at a domestic institution. For this reason, immersion opportunities to increase proficiency should be discussed with an advisor as early as possible in the program, and well before FATE.
