

## **Doctor of Public Administration (DPA) Program**

---

### **Memorandum of Understanding**

**Name of Doctoral Student:**

**Date:**

**Name of Dissertation Committee Chairperson:**

The Doctor of Public Administration Program requires dissertation chairs and their students to develop a written Memorandum of Understanding (MOU) so that expectations about the responsibilities of both parties are explicit throughout the dissertation process. The purpose of the MOU is to provide guidance to the faculty member and the student, in an effort to support a successful research mentoring relationship. The MOU should be revisited at the beginning of each academic year and updated as necessary.

Dissertation Chairpersons and students should be familiar with policies in the Graduate Catalog ([www.wcupa.edu/gradcatalog](http://www.wcupa.edu/gradcatalog)). Dissertations are submitted to West Chester University through Digital Commons (<https://digitalcommons.wcupa.edu/>). Additional information from The Graduate School, including deadlines, forms and procedures, along with a Manual for Culminating Graduate Student Research that should be reviewed by both parties, and are available at: [www.wcupa.edu/thesisdoc](http://www.wcupa.edu/thesisdoc).

#### **The Dissertation Chairperson will:**

- Schedule regular meetings. The Dissertation Chairperson and student parties will agree on the frequency and type of meetings that will best support the development of the dissertation. It is recommended that monthly or bi-weekly meetings are scheduled. To allow for flexibility, both parties may agree to postpone or reschedule scheduled meetings.
- Collaborate with the student to establish short-term objectives and milestones for reaching dissertation goals. Make sure all required DPA specific and WCU requirements are included.
- Review drafts and final dissertation for academic integrity concerns, APA formatting, and adherence to The Graduate School formatting guidelines.
- Communicate with the student directly about concerns. Although initial communication may be in written form (e.g., electronic mail, text), the Dissertation Chairperson will make reasonable efforts to discuss ongoing concerns in person or via telephone/video call and follow-up with written communication regarding proposed solutions for addressing the identified concerns.
- Consult with the DPA Program Director if attempts to resolve concerns directly with the student are unsuccessful.

**The Doctoral student will:**

- Attend scheduled meetings with the Dissertation Chairperson, unless both parties jointly elect to postpone a scheduled meeting.
- Work with Dissertation Chairperson to develop a timeline and outline of tasks. Adhere to timelines and objectives for the project that have been jointly established with the chair.
- Submit all required forms, such as IRB Protocol (when necessary), and the Research Compliance Form.
- Take responsibility for communicating with the Dissertation Chairperson before an assignment or task is overdue.
- Adhere to University guidelines and requirements for academic integrity, research procedures, and dissertation format.
- Communicate with the Dissertation Chairperson directly about concerns. Although initial communication may be in written form (e.g., electronic mail, text), the student will make reasonable efforts to discuss ongoing concerns in person or via telephone/video call and follow-up with written communication regarding proposed solutions for addressing the identified concerns.
- Consult with the DPA Program Director if attempts to resolve concerns directly with the Dissertation Chairperson are unsuccessful.

**Additional expectations (e.g., authorship, data ownership, hourly time committment):**
