

Computer & Software Requirements

There are a variety of resources on campus that can help with your technical questions and concerns.

Recommended Student Computer Configuration

Computer Element	Specification
Operating System	Windows 10 or MacOS Catalina; OS Big Sur is not yet supported by WCU
Processor	Industry Standard Intel or AMD processor
Memory	8GB or more
Hard Drive	500GB or more
Browser	D2L Services recommends Firefox or Chrome for use in the Brightspace by D2L Learning Management System
Software	Microsoft Office 365 is available for free to all WCU (West Chester University) Students
Microphone/Speakers	Microphone and speakers are required for all Distance Education courses. While internal microphone and speakers may be sufficient, headphones with an attached microphone are also recommended.
Webcam	May be required for certain courses. In many cases, an internal webcam will suffice.
