## 5. Select the box for **Open as External Resource**.

The screenshot shows a course management interface for 'TK20 Homepage'. On the left, there are options: 'External Learning Tool', 'Add dates and restrictions...', 'Add a description...', and 'Required: Automatic'. On the right, there are 'Published' and 'trash' icons. A red arrow points to the 'Open as External Resource' checkbox, which is checked. Below this checkbox, the text 'User progress is not tracked for external resources' is visible.
