## What is the Community Service Ambassador Program?

Summary:

The Community Service Experience requirement for Early Grades, Middle Grades, and Special Education adds a meaningful and intentional experience that gives students a perspective on the resources, services, challenges, and needs of the same type kinds of students they will be teaching after graduation.

The Community Service Ambassador Program builds on the requirement by providing recent participants with an opportunity that develops and sharpens their leadership, public speaking, and presentation skills while allowing them to share their passion and the rewards of their service with peers.

The program promotes a student culture that perceives the Community Service Experience as a component of the first year at WCU that gives them enough time to be selective and intentional about their organization and service.

## Agreement and Signature
