

Middle Grades Preparation Majors

Declaration of Academic Content Area Concentrations

To be submitted with your application for Teacher Candidacy

At the time of application for Teacher Candidacy, you must declare your concentration(s). This information will be recorded as milestones on your academic record, and can be viewed by your advisor(s), department personnel, and graduation analysts. Should you decide to change an area of concentration after this Declaration has been submitted and the milestone recorded on your record, you must contact your academic advisor. *Changing an academic area concentration will affect your graduation requirements.*

If you are planning to complete one 30 credit academic content-area concentration, please indicate your choice below.

- ☐ Reading/Language Arts 30 credit concentration
- ☐ Science 30 credit concentration
- ☐ Social Studies 30 credit concentration
- ☐ Mathematics 30 credit concentration

If you are planning to complete two (or three) 21 credit academic content-area concentrations, please indicate your choices below. Remember that one of the concentrations selected must be Mathematics or Science. MGP and Special Education dual majors: please choose one 21-credit concentration in any area.

- ☐ Reading/Language Arts 21 credit concentration
- ☐ Science 21 credit concentration
- ☐ Social Studies 21 credit concentration
- ☐ Mathematics 21 credit concentration

Please note: Students completing three 21 credit academic content-area concentrations will graduate with more than 123 credits.
