

# Help Plant Trees and Help Preserve An Important Local Forest

## When?

Saturday, October 5<sup>th</sup>, 10AM – 3PM

## Where?

The Gordon Natural Area. It's behind the football stadium on south campus (see the map). We'll be meeting at the kiosk at the main entrance at 10 AM. If you get there after 10, there will be instructions posted at the main entrance so you can find us.

## What to Bring?

We'll be providing tools, snacks, water, sunscreen, and bug repellent. Just wear appropriate footwear that you can work in and that you don't mind getting dirty.

## Please Note:

If the weather looks questionable, please check for updated information on the Gordon Natural Area website: [wcupa.edu/GordonNaturalArea](http://wcupa.edu/GordonNaturalArea).
