

ENVIRONMENTAL HEALTH GRADS – 2011

Four students graduated from West Chester University's B.S. Program in Environmental Health during the May, 2011 ceremony. Pictured below, left to right are Max, Lily, Jake and Fred. Max and Lily interned at Children's Hospital of Philadelphia Environmental & Occupational Health & Safety Dept. Jake interned at a similar department at Cephalon Pharmaceuticals in West Chester. Max and Jake work as industrial hygienists for Safety-Kleen Systems Inc. Max is in their West Chester PA office and Jake is in the Santa Ana office. Lily works as an industrial hygienist for IES Engineers in Blue Bell PA. Fred's internship with the Stroud Water Research Center in Avondale, PA involved the investigation and analysis of stream contaminants and he continued his work there during the summer, after completion of the internship.
