Make sure the printer is on, and **Swipe your RamECard** through the card reader on the left-hand side. If you have multiple jobs waiting to be printed, **Press the "Print All" button**, or print one at a time by pressing each one individually.

PaperCut		Logout
Held Print Jobs Balance: 123		
Document name	Pages Cost	1 1/2
Microsoft Word - Document1	1 1 1 1	
	Contraction of the second	
Use Device Functions	Print All	Κ

When the document(s) begin to print you will see a message that says, "Successfully released (x) print jobs. The jobs are queueing now."

Congratulations! You've just retrieved a document from the RamPrint queue! You will see your document(s) coming out from the left side of the printer.

Remember: Once your documents are finished printing, **log out of your account** by pressing the button labeled "Login/Logout" on the right-hand side.
