5. Summary of Project Activities (Continue on additional sheet as needed.)

The Shake and Stir University Forum Grant kicked off with two speakers from Men Can Stop Rape focusing on the impact alcohol has on masculinity and sexual assault. The presentation was followed up with 4 presentations, with the fraternities split between the 4 presentations. The Men vs. Women presentation focused primary prevention and the role messages that men receive about alcohol contribute to rape culture. The Consent is Sexy presentation focused on the definition of consent and discussing how to get consent from your partner each step of the way.
