

# Budget/Resource Worksheet

Consider the length of your exchange (part of the academic year or all of the academic year), the number of times you are likely to travel to and from your home to your host campus, and the cultural and travel/sight-seeing opportunities you would like to take advantage of while on exchange. Also note:

- Tuition and fees frequently increase from 5-15 percent per year.
- Room and meals frequently increase in excess of 5 percent each year.
- Financial aid while on exchange may vary from that which you currently receive.

\* Figures are available from *Campus Budgets* at [www.nse.org](http://www.nse.org), *Students*, *Resources*.

- ✓ Calculate Plan B tuition based on the calendar of your home campus.
- ✓ Calculate all other fees, including Plan A tuition, on the calendar of your host campus.
- ✓ For an Academic Year exchange, all estimated costs (except travel and miscellaneous) at semester schools are paid 2 times a year. For quarter schools, payments are made 3 times a year.

In addition to costs estimated above, other additional expenses may include fees that are a condition of your enrollment (e.g., general service, laboratory, art and photography supplies, field experience, student teaching, internship, technology fees, computer fees, etc.) and other fees (e.g., application, orientation, field trips, NSE program fees, health services, parking, special events, student activities, athletics, etc.). See *NSE Campus Profiles* and campus on-line fee schedules for additional information.
