

Bachelor of Music with Elective Studies in Real Estate and Land Development

The Bachelor of Music with Elective Studies is a professional degree housed in the Wells School of Music. The degree allows for intensive studies in music and another field/area. The music coursework provides a foundation in theory, ear training, applied lessons, music history, ensemble participation, conducting, improvisation and music technology. The outside field (21 credits) is housed in the College of Business and Public Management, specifically the Department of Geography and Planning.

The Real Estate and Land Development curriculum mandated by the Pennsylvania Real Estate Commission prepares students to sit for the Pennsylvania Brokers licensing exam with the knowledge and skills they need to be successful. The real estate program provides an interdisciplinary framework to enable students to understand the land development process and the role and creation of real property within a broader economic, social, and environmental context. The broad interdisciplinary perspective supports students pursuing a career in the real estate industry with the knowledge, mindset, and skills they need to be successful real estate professionals, including an understanding of the larger societal impact of their decisions. The coursework enhances a variety of real estate-related careers, including urban and environmental planning, property management, real estate development, location analytics, real estate sales, real estate finance and investment, and more. This concentration pairs beautifully with business minded musicians wanting to develop various revenue streams and interests to support their ventures.

All Bachelor of Music with Elective Studies students have an advisor in the Wells School of Music and in the Department of Geography and Planning, Dr. Gary Coutu(gcoutu@wcupa.edu). Please contact Dr. Elizabeth Pfaffle (epfaffle@wcupa.edu) if you are a prospective student interested in the degree. If you are a current WCU student, contact Prof. Ann Hiloski-Fowler (ahiloski-fowler@wucpa.edu) with questions.
