

SPRING 2020

**ONLINE INTERACTION  
AFFECTS EVERY CAREER.**

**Too bad most grads have  
no idea how to study it.**

# SOCIOLOGY 225: Digital Social Research

Learn to gather and analyze data from platforms including **Twitter, YouTube, Instagram, and Wikipedia** to uncover social insights. These are crucial skills for all students in **sociology, psychology, political science, communications, criminal justice, business, health sciences, social work & more!**

**12:30-1:45 p.m. Tuesdays\***

**Contact Dr. Wiest at [jwiest@wcupa.edu](mailto:jwiest@wcupa.edu)**

\*This course is taught in a blended format, which means students will spend more time outside of class completing course requirements and less time in the classroom (compared to standard in-person courses). 3 credits.

Prerequisite: MAT 103 or higher (there's no need to remember much of the content, but students who fear math/numbers may have difficulty in this course)
