

A black and white photograph of a city street scene. Tall buildings line both sides of the street, and several cars are visible in the foreground and middle ground. The image is used as a background for the course announcement.

SELF & SOCIETY

FALL 2018

SOC 333 | DR. WIEST
2-3:15 PM | TUES/THURS

This course is an exploration of the individual in society. It examines how individuals, as social beings, are created by society and how society is, in turn, created and sustained by individuals. You will learn to understand yourself and others better — and to see the social world in a whole new way!
