# PRE-MEDICINE

Undergraduate Credit Required	Bachelor's degree
Entrance Exam	MCAT
Professional Schooling Required	4 yrs medical school; 3-8 yrs residency
	Doctor of Medicine (MD) or Doctor of Osteopathy (DO) degrees
Local Professional Schools	Penn State, PCOM, LECOM, Drexel, Temple, University of Pennsylvania,
	Thomas Jefferson University, Cooper Medical School of Rowan University, etc
Professional Organization	aamc.org (Association of American Medical Colleges)
Websites	aacomas.org (Osteopathic Medicine)
Major	Students can major in any subject at WCU for Pre-Medicine. The most common
	majors that align with medical school pre-requisites are Biology: Cell and
	Molecular Biology, Biology: Integrative Concentration, and Chemistry: Chem-Bio.

# **REQUIRED AND SUGGESTED ELECTIVES FOR WCU UNDERGRADUATE STUDENTS**

The following course recommendations are general requirements for MD/DO programs. For the specific requirements of your school of choice and whether AP/IB credit is accepted, please refer to that school's admissions website or contact those schools for a list of entrance requirements.

<b>Biological Sciences</b>	with labs (8 d	redit hours)						
BIO 110 General Biology, BIO 111 General								
Biology II, BIO 211 Cell Biology, Bio 214

WRT 120						
WRT 2XX						
Calculus and Statistics (please contact school for						
specific admissions requirement)						
Course	Term	Grade				
MAT 121						
MAT 145						
PSY 100 or SOC 100 (recommended)						
Course	Term	Grade				

#### SUGGESTED ELECTIVES

- BIO 259. A&P 1 AND BIO 269. A&P 2 BIO 357. Comparative Vertebrate Anatomy BIO 422. Cancer Biology BIO 428. Animal Histology
- BIO 440. Human Genetics
- **BIO 448. Animal Development**
- **BIO 465. Immunology**
- **BIO 468. Comparative Vertebrate Physiology**
- BIO 469. Human Physiology\*
- **BIO 484. Epidemiology**
- CHE 477. Biochemistry 2
- CSD 101. Intro to Communicative Disorders
- HEA 109. Health Issues of Women
- HEA 110. Transcultural Health
- HEA 370. Medical Terminology
- NTD 303. Introductory Principles Human Nutrition
- PHI 371. Medical Ethics

\* Does not count as a Biology major elective.

# **BEYOND ACADEMICS**

Pre-Medical students are encouraged to participate in experiences such as leadership roles, volunteer work, research, and shadowing, which will help prepare them for medical school and the medical profession. Such experiences demonstrate a commitment to and knowledge of the profession. All students are STRONGLY encouraged to **shadow medical professionals, volunteer with health providers,** get involved with research and pursue internships. Additionally, involvement with clubs such as Pre-Med Club and Minorities in Medicine, will help students to learn more about the medical profession

## **APPLICATION AND ADMISSION**

There are two centralized application services. Application for admission to most medical schools are made through AMCAS (allopathic) or AACOMAS (osteopathic). This standardized application service is available online at <a href="mailto:aamc.org/students/applying/amcas">aamc.org/students/applying/amcas</a> (allopathic) or <a href="mailto:aacomas.aacom.org/">aacomas.aacom.org/</a> (osteopathic). Schools will then contact you to verify receipt of your application and inform you of any secondary applications and/or additional materials they require.

### ENTRANCE EXAM

The Medical College Admissions Test (MCAT) is required. The Official Guide to the MCAT can be found online at <u>https://www.aamc.org/students/applying/mcat/mcat2015/</u>. Students should obtain this publication as soon as possible and use it as a guide while preparing for the MCAT exam.

## ADDITIONAL APPLICATION INFORMATION

Applications to medical school require a **personal statement** and **letters of recommendation/evaluation**. The number of required letters varies by school. For the WCU Pre-Medical program, you will need to collect a minimum of 5 letters of recommendation (at least one from an MD or DO) and have them submitted to the pre-med office prior to requesting an interview from the pre-medical committee. You should get to know your professors so that they can write a thorough letter about your potential to be a successful medical student.

Director, Pre-Medical Program – Dr. Teresa Donze-Reiner
