PRE-PHYSICIAN ASSISTANT

Undergraduate Credit Required	Bachelor's degree
Entrance Exam	GRE (some schools) or PA-CAT (some schools)
Professional Schooling Required	26-28 months of professional school; Master of Physician Assistant Studies
Local Professional Schools	West Chester University, Arcadia, DeSales, Drexel, Duquesne University, Lock Haven, Thomas Jefferson University, Penn State, PCOM, Slippery Rock, Temple, University of Pittsburgh, Widener, etc
Professional Organization Websites	aapa.org (American Academy of Physician Assistants); paeaonline.org (Physician Assistant Education Association)
Major	Students can major in any subject at WCU for Pre-PA. The most common majors that align with Pre-PA school pre-requisites are Biology: Cell and Molecular Biology, Biology: Integrative Concentration, Chemistry: Chem-Bio, or Exercise Science.

REQUIRED AND/OR SUGGESTED ELECTIVES FOR WCU UNDERGRADUATE STUDENTS

The following course recommendations are general requirements for PA programs. For the specific requirements of your school of choice and whether AP/IB credit is accepted, please refer to that school's admissions website.

BIO 110 General Biology I, BIO 111 General Biology II, BIO 211 Cell Biology Course Term Grade Genetics (required by some schools) Course Term Grade BIO 210 Genetics Microbiology (1 course; 4 credit hrs) Course Term Grade BIO 214 General Microbiology (Preferred) BIO 204 Introductory Microbiology (Accepted) General Chemistry with lab (8 credit hrs) Course Term Grade CHE 103 & CRL 103 CHE 104 & CRL 104 Organic Chemistry (1 course with lab required) Course Term Grade CHE 231 & CRL 231 Biochemistry (recommended) Course Term Grade CHE 310 or CHE 476 Anatomy and Physiology 1 and 2 Course Term Grade BIO 259 BIO 269 Medical Terminology (required by some schools) Course Term Grade HEA 370	Biological Sciences with	labs (8 cr	edit hrs)

SUGGESTED ELECTIVES

BIO 357. Comparative Vertebrate Anatomy

BIO 367. Drug Interactions

BIO 440. Human Genetics

BIO 448. Animal Development

BIO 465. Immunology

BIO 468. Comparative Vertebrate Physiology

BIO 469. Human Physiology

CHE 232. Organic Chemistry 2

CSD 101. Introduction to Communicative Disorders

HEA 109. Health Issues of Women

HEA 110. Transcultural Health: Principles and Practice

HEA 210. Introduction to Allied Health

NTD 200. Nutrition and Culture

NTD 303. Introductory Principles Human Nutrition

PHI 371. Medical Ethics

BEYOND ACADEMICS

Pre-PA students are encouraged to participate in experiences such as leadership roles, volunteer work, research, and shadowing, which will help prepare them for PA school and the medical profession. Such experiences demonstrate a commitment to and knowledge of the profession. All students are STRONGLY encouraged to **shadow medical professionals**, **volunteering with health providers**, get involved with research and pursue internships. Pre-PA students should obtain **500+ hours of work experience** consisting of direct patient care in a medical setting (total hours vary by school). Additionally, involvement with clubs such as Pre-Med Club, Pre-PA Club, and Minorities in Medicine, will help students to learn more about the medical profession. Activities beyond the classroom play a significant role in a student's application to a professional school program.

APPLICATION AND ADMISSION

Most physician assistant programs participate in the Central Application Service for Physician Assistants (CASPA). Applications can be completed at caspa.liaisoncas.com. Schools will then contact you to verify receipt of your application and inform you of any additional materials they require to complete your application.

ENTRANCE EXAMS

The **Graduate Record Exam (GRE)** is required for some programs: ets.org/gre. The **Physician Assistant College Admission Test (PA-CAT)** is a specialized test that is designed to measure applicant knowledge and application in key prerequisite science subjects typically required for PA school. https://www.pa-cat.com/ Please review your schools of choice to learn of specific admission test requirements.

ADDITIONAL APPLICATION INFORMATION

Applications to PA school require a **personal statement** and **letters of recommendation/evaluation**. The number of required letters varies by school, but generally students need at least 3 separate letters. Students will need to collect a minimum of 3 letters of recommendation and have them submitted to the Pre-med office prior to requesting an interview from the Pre-medical committee with the goal of receiving a Committee letter. The Committee letter will only count as one letter for the CASPA application. It will be the student's responsibility to request two additional letters independent of the committee letter.
