

- Intro
 - Hello and welcome to the Learning Assistance and Resource Center...or what we call the LARC at West Chester University
 - Our office provides tutoring and success coaching services for the campus community, so if students are struggling in courses or perhaps want to stay on top of their studies, our office can help!
- Location
 - The LARC is physically located off of New Street in the Lawrence Building on the 2nd floor
 - Here you will find multiple spaces for tutoring and success coaching sessions
- Tutoring
 - We provide one-on-one and group tutoring for most 100- and 200-level general education courses
 - Our tutors are trained and certified through the College Reading and Learning Association
 - For students taking 1st and 2nd year biology and chemistry courses, we also offer Supplemental Instruction support – a tutoring model where tutors attend course lectures with the students and weekly review concepts outside of class
- Smarthinking
 - For students wanting additional tutoring support, Smarthinking is a great solution.
 - Smarthinking is an outside tutoring company that provides 24/7 online support from professional tutors at no additional cost to West Chester students.
- Success Coaching
 - Tutoring is not our only service at the LARC.
 - Success coaching is also available to help students achieve academic and personal success.
 - Our success coaches are trained graduate students ready to help develop a personalized plan for success.
 - They provide assistance in areas like:
 - Time management
 - Study Skills
 - Test Preparation
 - College adjustment
 - And more
- ASWs
 - In addition to meeting one-on-one with success coaches, students also have the option to view Academic Success Workshop videos, available on our website. They cover a variety of topics and provide practical tips
- Register
 - To register for a tutor or success coach or to find more information about our services, visit our webpage at www.wcupa.edu/larc
 - Starting Fall 2021, the LARC will offer both in-person and virtual meeting options
- Here at the LARC, we are committed to supporting student success!
