

TLAC and the Faculty Mentoring Committee's

Fall 2022 Adjunct Cohort Mentoring Program

What is cohort mentoring?

Small groups of adjunct faculty who meet monthly in informal gatherings led by experienced adjunct faculty cohort leaders, for the purpose of mutual connection and support.

When will meetings occur?

Meetings will be once a month at the same time (e.g. every first Monday at 1 pm, or every second Tuesday at 3 pm, etc.). The times are yet to be determined--details to follow.

Why should I get involved?

For professional development related to teaching, scholarship, and service, and to connect with other adjunct faculty.

Keep an eye out for details to come in September!
