

## **ACHIEVE! ACADEMIC PROBATION POLICY**

**Achieve! students placed on Academic Probation after their first semester will be required to continue mandatory meetings with their assigned Achieve! Program Graduate Consultant. As part of their Academic Recovery Plan, students must meet with the Graduate Consultant throughout the semester, with at least 5 meetings occurring before their academic advising scheduling appointment. An ACH hold will be placed on the student's MyWCU account and lifted once the requirement is met. These meetings will focus on organizing, planning, and implementing strategies to improve overall performance at the University.**
